Dear Sir/Madam,

---

**PROPOSED RENEWAL OF AUTHORITY FOR ADVANCED PACKAGING TECHNOLOGY (M) BHD TO PURCHASE ITS OWN SHARES**

---

## **1.0 INTRODUCTION**

The Board had, at the Company's Twenty-Eighth AGM held on 24 June 2010, obtained shareholders' approval for the purchase of up to 10% of the total issued and paid-up share capital of the Company through Bursa Securities.

This authority conferred by the shareholders will expire at the conclusion of the forthcoming 29th AGM of the Company.

On 26 April 2011, the Directors announced to Bursa Securities that APT proposes to seek shareholders' approval for the renewal of the Shareholders' Mandate.

The purpose of this Circular is to provide you with the relevant information on the Proposed Share Buy-Back and to seek your approval for the ordinary resolution to be tabled at the 29th AGM. The Notice of the 29th AGM is set out in the 2010 Annual Report of the Company.

## **2.0 PROPOSED SHARE BUY-BACK**

### **2.01 Background**

Any purchases or acquisitions of its own Shares by the Company would have to be made in accordance with, and in the manner prescribed by, the Act and the Listing Requirements and such other laws and regulations as may for the time being be applicable.

It is a requirement that a company that wishes to purchase or otherwise acquire its own Shares should obtain approval of its shareholders at a general meeting of its shareholders. Accordingly, approval is being sought from shareholders at the AGM of the Company for a general mandate to be given for the purchase or acquisition by the Company of its issued shares.

The Proposed Share Buy-Back will take effect immediately after the passing of the ordinary resolution at the forthcoming 29th AGM and will continue in force until:-

- (a) the conclusion of the next AGM of APT following the 29th AGM at which the ordinary resolution for the Proposed Share Buy-Back is passed, at which time it shall lapse unless by ordinary resolution passed at the meeting, the authority is renewed, either unconditionally or subject to conditions; or
- (b) the expiration of the period within which the next AGM after that date is required by law to be held; or
- (c) the authority is varied or revoked by ordinary resolution passed by the shareholders of APT in a general meeting;

Whichever occurs first.

The Shareholders' Mandate, if obtained, would give authority to the Directors to exercise the power of the Company to purchase its own Shares in circumstances which the Directors consider would be in the interest of the Company.

## 2.02 The maximum number or percentage of share to be acquired

The Board proposes to seek a mandate from the shareholders of APT to purchase and/or hold in aggregate up to ten percent (10%) of the issued and paid up share capital of the Company at any point in time through Bursa Securities.

## 2.03 Funding

The Board proposes to allocate a maximum amount not exceeding the audited retained profits of APT for the purchase of its own Shares. As at 31 December 2010 the audited retained profits of the Company amounted to RM9,314,722. As at 31 March 2011, the unaudited retained profits of the Company amounted to RM10,076,509.

The purchase of the Company's own Shares will be sourced wholly from internally generated funds and/or borrowings or a combination of both, of the Company. In the event the Company decides to utilise bank borrowings to finance the Proposed Share Buy-Back, the Board will ensure that the Company will have sufficient financial capability to repay the bank borrowings and that the bank borrowings will not have a material impact on the cash flow of the Company.

## 2.04 Share prices

The following table sets out the monthly highest and lowest transacted prices of the Company's Shares on Bursa Securities for the last twelve (12) months from May 2010 to April 2011:

Year		Highest (RM)	Lowest (RM)
2010 -	May	1.455	1.155
	June	1.430	1.285
	July	1.360	1.260
	August	1.365	1.285
	September	1.535	1.320
	October	1.560	1.490
	November	1.590	1.400
	December	1.430	1.260
2011 -	January	1.400	1.260
	February	1.370	1.250
	March	1.350	1.220
	April	1.400	1.230

(Source: The Star)

The last transacted price per share unit of the Company on 13 May 2011 being the last practicable date prior to the printing of this Circular, was RM1.28.

## **2.05 Pricing**

- (a) APT shall purchase its own Shares or resell its treasury shares (if applicable) only on the market of Bursa Securities. The price for the purchase shall not be more than fifteen percent (15%) above the weighted average market price of APT Shares for the five (5) market days immediately preceding the date of purchase.
- (b) If the Purchased Shares are subsequently resold on Bursa Securities, the price for the resale of treasury shares shall:-
  - (i) not be less than the weighted average market price for APT Shares for five (5) market days immediately prior to the resale; or
  - (ii) not be more than 5% to the weighted average market price for APT Shares for five (5) market days immediately prior to the resale provided that:-
    - (aa) the resale takes place no earlier than 30 days from the date of the purchase; and
    - (bb) the resale price is not less than the cost of purchase of the Purchased Shares being resold.

## **2.06 Treatment of Shares purchased**

In accordance with Section 67A (3A) of the Act, the Company is allowed to deal with the Purchased APT Shares in the following manner:-

- (a) to cancel the Purchased APT Shares; or
- (b) to retain the Purchased APT Shares as treasury shares, for distribution as share dividends to the shareholders and/or resell on the Bursa Securities, or subsequently cancel the Purchased APT Shares; or
- (c) to retain part of the Purchased APT Shares as treasury shares and cancel the remainder.

The decision whether to retain the Purchased APT Shares as treasury shares, or to cancel the Shares purchased or a combination of both, will be made by the Board of APT at the appropriate time.

## **2.07 Public shareholding spread**

As at 31 December 2010, the public shareholding spread of the Company was 40.91%. Assuming that the Proposed Share Buy-Back is carried out in full and the Shares so purchased are from the public shareholders, the public shareholding of the Company would be reduced to approximately 37.52%.

## **2.08 Implication of the Code**

Based on the Company's issued and paid-up share capital and the shareholdings of the substantial shareholders of the Company as at 29 April 2011, the Proposed Share Buy-Back is not expected to trigger any obligation by the substantial shareholders of the Company and/or parties acting in concert with them to undertake a mandatory offer under the Code. The effect on the shareholdings of the substantial shareholders of the Company after the implementation of the Proposed Share Buy-Back is shown in Section 2.12 of this Circular.

## **2.09 Purchase and resale of its own Shares in the preceding 12 months**

Please refer to Appendix II on details of APT's purchase of its own Shares in the preceding 12 months prior 29 April 2011.

## 2.10 Rationale and Risk Assessment

The Proposed Share Buy-Back, if exercised, is expected to potentially benefit the Company and its shareholders as follows:

- The Company would expect to enhance the EPS of the Group (in the case where the Directors resolve to cancel the Purchased Shares so purchased and/or retain the Purchased Shares as treasury shares and the treasury shares are not subsequently resold), and thereby long term and genuine investors are expected to enjoy a corresponding increase in the value of their investments in the Company;
- If the Purchased Shares are kept as treasury shares, it will give the Directors an option to sell the Purchased Shares at a higher price and therefore make a gain for the Company. In addition, the Company may utilise the proceeds for any feasible investment opportunity arising in the future, or as working capital. Alternatively, the Purchased Shares can be distributed as share dividends to shareholders; and
- The Company may be able to stabilise the supply and demand of its Shares in the open market and thereby supporting its fundamental values.

The Proposed Share Buy-Back is expected to have cash flow implications whereby the working capital will be reducing. However, it will not have a material impact on the cash flow of the Company.

## 2.11 Financial Effects

Based on the assumption that the Proposed Share Buy-Back is carried out in full, the effect of the Proposed Share Buy-Back on the share capital, dividend, NA, EPS and working capital of APT are as set out below:

### (a) Share Capital

The Company had on 25 November 2010 completed a capital repayment and consolidation exercise pursuant to Section 64 of the Companies Act, 1965 to reduce the Company's issued and paid-up capital from 41,008,500 Ordinary Shares of RM1.00 each to 20,504,250 Ordinary Shares of RM1.00 each involving a cash distribution of RM0.50 for every one (1) Ordinary Share of RM1.00 each and the consolidation of the entire resultant issued and paid up capital of 41,008,500 Ordinary Shares of RM0.50 each to 20,504,250 Ordinary Shares of RM1.00 each by the consolidation of every two (2) Ordinary Shares of RM0.50 each into one (1) Ordinary Shares of RM1.00.

Based on the issued and paid-up share capital of APT as at 29 April 2011 of RM20,504,250 comprising 20,504,250 APT Shares, a maximum of 2,050,425 APT Shares may be purchased and cancelled pursuant to the Proposed Share Buy-Back.

The Proposed Share Buy-Back will not have any effect on the issued and paid-up share capital of the Company if all the Shares purchased are retained as treasury shares.

The effect of the Proposed Share Buy-Back on the issued and paid-up share capital of the Company if all the Shares Purchased are cancelled is outlined below:

	No. of APT ordinary share of RM1.00 each	Amount (RM)
Existing issued and paid-up share capital as at 29 April 2011	20,504,250	20,504,250.00
Purchased and held as treasury shares as at 29 April 2011	(1,089,016)	(1,089,016.00)
If maximum number of shares are purchased pursuant to the Proposed Share Buy-Back	(961,409)	(961,409.00)
Issued and paid-up capital, if 2,050,425 treasury shares are cancelled	18,453,825	18,453,825.00

(b) Dividends

Assuming the Proposed Share Buy-Back is implemented in full and the dividend quantum is maintained at historical levels, the Proposed Share Buy-Back will have the effect of increasing the dividend rate of APT as a result of the reduction in the issued and paid-up share capital of APT as described under Section 2.11(a) above.

(c) NA Per Share and EPS

The NA per share of the Company may be increased or decreased, depending on the purchase prices of the Shares to be bought back by the Company. Should the purchase prices exceed the existing NA per share, the NA of the remaining Shares should decrease accordingly. And conversely, should the purchase price be lower than the existing NA per share unit, the resultant NA per share should increase accordingly. The effective reduction in the issued and paid-up share capital of the Company pursuant to the Proposed Share Buy-Back would generally, all else being equal, increase the consolidated EPS of the Company. However, the Proposed Share Buy-Back, if exercised, is not expected to have any material effect on the NA per share and EPS of the Company or the Group for the financial year ending 31 December 2011.

(d) Working Capital

The Proposed Share Buy-Back will reduce the working capital of the Company, the quantum of which depends on the purchase price(s), the number of Shares bought back and the effective funding costs thereof.

## 2.12 Shareholdings of Directors and Substantial Shareholders

Based on the Register of Directors and the Register of Substantial Shareholders as at 29 April 2011 and assuming that APT purchases shares of up to ten percent (10%) of its issued and paid-up share capital and that the Purchased Shares are from public shareholders, the effects of the Proposed Share Buy-Back on the shareholdings of the Directors and substantial shareholders are as follows:-
